

The Spring Topology and Dynamics Conference 2009, March 7–9, 2009, University of Florida, Gainesville, FL, USA

**HOMOGENEOUS CONTINUA: WHERE DO WE STAND, AND  
WHERE DO WE GO?**

JIM ROGERS

We will discuss some aspects of homogeneous continua and raise some questions. During the talk there will be a vote on whether it is more dangerous to give such a talk before or after the talk of Janusz Prajs.
